

Basic Detail Report

appliqué

Date

600-799

Medium

Glass

Description

Applique with Horse and Rider. Translucent light yellowish green glass; stamped. Oval, with raised border and, in relief, horse with rider, walking to right; details not clear, but rider seems to have disproportionately large head and vestigial body. Stamp was struck off-center, so that raised border exists on right side only. Wall has bulb on interior.

Dimensions

Overall W (max): 3.6 cm, Th (applique only): 0.2-0.4 cm
