

Basic Detail Report

fragment

Date

25 BCE-99 CE

Medium

Glass

Description

Fragment of a Bowl. Floral canes of opaque red centers with petals of medium blue encased with opaque white

float among simple rods of opaque yellow in a dark amethyst matrix, some sugary surface with thin weathering film over entire surface; mosaic glass or millefiori technique, subsequently tooled and fire-polished. Fragment of applied and tooled base probably of a small patella cup or simple bowl, underside slightly concave, pontil mark (?).

Dimensions

Overall H: 1 cm, Diam: 5.3 cm

Object number

51.1.231
