

# Basic Detail Report

---

## fragment

### Date

1400-1350 BCE

### Medium

Glass

### Description

Translucent medium blue glass with trails of opaque white and opaque yellow glass, unweathered; core-formed, trail-decorated and tooled. Fragment preserves extremely thick rounded rim, D-shaped in cross section with thinner cylindrical vessel wall preserving a single white and

yellow festoon trail decoration and a heavy yellow coil applied on the edge of the rim left almost completely in relief.

### Dimensions

Overall H: 1.4 cm, W: 1.8 cm

### Object number

59.1.24
