

Basic Detail Report

rod

Date

25 BCE-99 CE

Medium

Glass

Description

Rods of primarily translucent deep blue, several medium blue-green and translucent amethyst spirally wound with an opaque white trail, pitted and weathered; spirally wound, tooled and trail-decorated. Fragments primarily of architectural rods however two spirally twisted rods of bluish-green, one opaque light green and one medium blue rod without trail-decoration may represent stirring rods or pins as one small section preserves a portion of a flattened head.
